PREFACE.

To the public, our patrons and all those who have received our former volumes, we say we are grateful.

We cannot but hope this volume will meet with like favor.

That register has never been compiled which would please every one, nor is the editorial work on a book of this character the easiest of tasks.

This volume is published under the auspices of a later and different Association than were the two which preceded it. The present Association is a corporation chartered under the great seal of the State of Pennsylvania, in which stockholders are only liable to the amount of their stock.

No radical change has been made in the rules or regulations by which pedigrees are admitted to the records of this Association.

We adhere to our plan of assigning *register* numbers to each and every pedigree—ewes even and rams odd numbers—as we can after diligent investigation learn of nothing better.

We learn from the success that has crowned the efforts of the officers of the Association that was our predecessor, to critically examine every pedigree presented for record, and allow neither erroneous nor spurious pedigrees to find a place in our volumes. Can we not anticipate the cheerful co-operation of every patron of the Association along this line?

We are often requested to furnish register numbers of pedigrees of sheep recorded in a given volume previous to the date of closing entries to, or compiling the volume; to all enquiries of that nature we are compelled to decline to furnish the register numbers. And why? Because we arrange all pedigrees for each patron in list and they are placed alphabetically as to names of owners, and at the same time pedigrees are numbered consecutively throughout the book; by this plan we avoid scattering the pedigrees recorded for a patron at random, as it were, throughout the entire volume. We have arranged to furnish a certified *copy* of pedigrees to patrons, that can be used pending the publication of a volume.

This Association has, after careful deliberation, adopted rules governing the secretary as to his duties and the admission of pedigrees and the transfer of the same on the books of the Association. Those who favor us with their patronage should remember that the secretary is sworn to perform the duties of his office in accordance with the rules of the Association and in conformity with the laws of the State, hence, no favors inconsistent therewith can be expected from that officer by any one.

It will be much less expensive to our patrons to return the pedigrees of lambs, under ten months from the time they were dropped, than to allow a longer time to elapse before sending their pedigrees for record; and we would be glad should they avail themselves of this opportunity.

All who intend to transact business with the Association should become familiar with the rules of the Association, found elsewhere in this volume, and avoid trouble to themselves and the officers of the Association, who will be glad to give any information they can at all times.

Anticipating your co-operation and the approval of our efforts, we submit this our third volume.

FLOCK NO. 3,

REGISTERED FOR

THOMAS P. ALLISON,

P. O. Washington, Washington Co., Pa.

The origin of this flock can be described as follows :

Dec. 15, 1887, the ram No. 2147 was purchased from Thomas McEwen, McConnell's Mills, Pa. Nov. 1, 1889, seven ewes, register numbers 6450, 6452, 6454, 6456, 6458, 6460 and 6462 were purchased from Waldo M. Patterson, Washington, Pa., and as Mr. Patterson has not appeared as an owner or breeder in preceding volumes we publish a statement over the signatures of Patterson and Thomas McEwen that will be a satisfactory explanation of the breeding of not only the last above mentioned seven ewes, but reference will be made to this statement in history of two other flocks in this volume.

[COPY.]

And now Sept. 26, 1890, we whose names are attached, namely to wit : Thomas McEwen, McConnell's Mills, Pa., and Waldo M. Patterson retained as his share of the progeny ewe lambs, numbers 170, 162, 169, 158 and 160 and ram lambs 164, 167, 159 and 168. McEwen afterward purchased Patterson's share of the ram lambs namely numbers 164, 167, 159 and 168. In the spring of 1887, (March 14) McEwen sold the dams of these lambs to L. F. McVey, Walhonding, O.

S. register, in spring of 1889 they produced two ewe lambs, ear tab numbers 155, 156 and the three ram lambs Patterson sold to McEwen, two of which was designated by ear tab numbers 144 and 145 and were sold by McEwen to Eakin Brothers, Wadestown, West Virginia, Dec. 2, 1889.

FLOCK NO. 65,

REGISTERED FOR

W. J. & W. G. McLAUGHLIN,

P. O. Harrisville, Harrison Co., Ohio, or, Adena, Jefferson Co., Ohio.

The senior member of this firm desiring to retire from active business and loath to dispose of his sheep interests entirely, after being engaged in breeding this same line of sheep for nearly thirty years, concluded to retain the undivided one-half interest in a flock, and associated with him his son W. G. McLaughlin, who had purchased from his father, October 28th, 1887, five ewes, and had bred them to rams owned by his father.

The history of flocks Nos. 47, Vol. I., and No. 46, Vol. II., shows the origin of the ancestors of sheep whose pedigrees are registered in this flock, except ram No. 1037, purchased from Smith & Packer, December 1st, 1886.

The compiler thought best to give the statement furnished by the new firm authorizing the consolidation of the two flocks under the joint ownership, presented to and authorized by resolution of the Association.
